Did You Know...?

Lutherlyn has had challenge course elements since 1986. The high ropes course was completed in 2011.

Challenge Course activities are an excellent way to promote the development of teamwork, effective communication skills, and other skills vital for group cohesion. On top of that, they're fun!

Challenge Course groups can be programmed to run for a several hours, a whole day, or an entire weekend.

Lutherlyn also offers hay rides, horse-back riding, adventure programming, Environmental Education, and many other opportunities.

Challenge Course Facilities

Low and High Ropes Courses,
Mobile Team Building,
School/Youth Group Activities

High Ropes Course!

The new high course at Lutherlyn was constructed in the spring and summer of 2011. Our course consists of seven independent elements, a climbing wall, and an 860 foot zip line. The high challenge course is a great way to encourage personal growth, and develop a network of support amongst a group of peers or colleagues.

Team Building

Team building is accomplished at Lutherlyn through mobile initiatives and low course elements. Lutherlyn currently has 11 low course elements, and countless initiatives that can be performed with groups. Each team building workshop is designed individually for each group so that their specific goals can be met.

Bouldering Room!

The year-round Bouldering Room challenges individuals to climb up, down, across, and around. You can even climb on the ceiling! The Bouldering Room is located in the Education Building and can be used as a stand alone program, or alongside our any other Lutherlyn provided programming.
